Thank you for taking the time to fill out this detailed questionnaire! We will review the information you have provided. Once your references have been successfully checked, you will be scheduled for a Home Visit. This will provide us a chance to meet you and your family and any current pets that reside in your home. All members of the household; children, pets, and otherwise, need to be present for the home visit. It is very important that all members of the home are all on the same page about doing this. In the meantime, please contact your vet and personal references to let them know we will be contacting them, so that they know they have your permission to speak with us.

We are pleased that you have decided to join our "family" and are considering adopting one of our amazing dogs! As always, we are always interested in your comments and suggestions and are open to new viewpoints! For questions/comments, please e-mail Darcy E. Drons at bigdogsbigheartrescue@gmail.com

Big Dogs, Big Hearts Rescue, Inc. ("BDBH") Adoption Process

BDBH is an all volunteer organization. The majority of us have our own dogs and families, work full time jobs and are very involved in the rescue community. We ask that you please be patient during the application process. We want to assure that our dogs are placed in appropriate homes and that they will truly be their forever homes!

All BDBH rescue dogs are in foster care homes with pre-approved foster families, BDBH does not have a facility. BDBH requires prospective families to meet our dogs at our public Meet and Greet locations or as arranged at the convenience of his/her foster family.

BDBH is looking for forever homes for our dogs in which he/she will be a much loved part of the family. All our rescue dogs must live inside the home as part of the family.

BDBH considers adoption applicants from the following States: NY ~~and CT~~.

BDBH has a network of its volunteers or other reputable rescue contacts/animal shelters/humane societies who we coordinate with to complete those home visits outside our local volunteer base.

Adoption Stages:

1. BDBH requires an application with references (personal and veterinary). All resident animals (dogs and cats) must be altered*, up-to-date on vaccinations, heartworm tested yearly and on heartworm preventative;

*Exception 1 - proof your dog is a current working or show dog; and/or

Exception 2 - written medical reason as why it would be dangerous to his/her health to spay/neuter.

2. If an application is approved, the next step is a home visit, for which all family members need to be present. The purpose of the home visit is to allow BDBH to get to know the potential adoptive family a bit better. We are not looking for immaculate housekeeping, but rather a loving, safe environment for one of our rescue dogs. The volunteer(s) bring a dog with them on the home visit. The home visit volunteer(s) provides the rescue with information that helps us make a decision as to appropriate placements. We are trying to see the whole picture with the information available to us;

3. Once a family is approved through the home visit stage, our Home Visit Coordinator will notify the applicant, via an email, of approval. BDBH reserves the right to qualify an approval, i.e. approved to adopt a specific gender of dog, a submissive dog, a dog of certain age, etc. If we have more than one approved family interested in a particular dog, the foster family retains the right to make the final decision in the best interest of their foster dog. If another home is chosen that does not mean the prospective adopter would not be a good home, but rather that the situation does not meet that dog's best interest;

4. Once a family finds their new family member, we require the adopter(s) to sign an Adoption Contract which permits BDBH to do its best to always be there for its rescued dog, including reserving rights to have the adopted dog returned to BDBH for any default under the Adoption Contract. BDBH stays in close contact with the forever family i.e. questions, pictures, updates, visits.

BDBH dogs are placed with the forever home that best meets the dog's needs. BDBH does not operate on a "first come, first served" basis. While we do our best to ensure a fair chance of adopting the dog of your choice, ultimately, we are looking out for the best interests of our rescued dogs. We consider each and every one of our rescue dogs part of our family.

BDBH does not reserve dogs. Successful completion of both the adoption application and home visit begins the approved to adopt process.

BDBH reserves the right to refuse an application if the home situation or environment is deemed incompatible with the needs of our dogs. Our emphasis is on the dogs needs. We gladly answer any questions about our process, or any of our dogs. Please feel free to ask questions!

Application and Adoption Fee:

There is a non-refundable \$20 application fee required prior to processing your application. It will be applied towards the adoption fee if / when you adopt a rescue dog from BDBH or it will be used as a donation towards medical treatment for our dogs if you choose not adopt from BDBH.

Our non-refundable adoption fee is \$275. This fee represents a contribution to defer BDBH's expenses both directly and indirectly attributable to the rescue of the specific adopted dog and other BDBH dogs. The adoption fee helps defray some of BDBH's expenses, which allows us to save more dogs. Our non-refundable senior (6 years old and over) adoption fee is \$ 200.00.
